

School-Home Letter

Dear Family,

My class started Chapter 7 this week. In this chapter, I will compare numbers to show greater than or less than. I will also use $<$, $>$, and $=$ to compare numbers.

Love, _____

Vocabulary

is greater than $>$ a symbol used to show that a number is greater than another number

$$11 > 10$$

11 is greater than 10

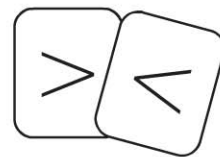

is less than $<$ a symbol used to show that a number is less than another number

$$10 < 11$$

10 is less than 11

Home Activity

Make flash cards for the greater than symbol $>$, and the less than symbol $<$. Each day, choose two numbers between 1 and 100. Use the flashcards with your child to compare the numbers.

Literature

Look for these books in a library. Use $<$ and $>$ flashcards to compare the groups of objects.

Just Enough Carrots

by Stuart J. Murphy.
HarperTrophy, 1997.

More, Fewer, Less

by Tana Hoban.
Greenwillow, 1998.
